THE NATIVITY OF JESUS CHRIST

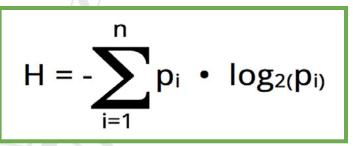

STRATEGIC PLANNING FOR ST. NICHOLAS ANN ARBOR: — PART 1— A BIBLICAL CASE FOR PROPER VISION, MISSION, AND PLANNING.

he above dialogue is from Lewis Carrol's Alice in Wonderland. It is a genius fictional representation of the archetypical struggle of the choice between chaos and order, ascent and descent, of vision and no vision. But how can we use this fictional account in regards to the future planning of St. Nicholas Orthodox Church? What lessons can we glean from this little girl trying to choose between these two mythical and metaphorical roads? What is the road that we must follow?

# Law of the universe: Entropy

The universe moves from order to disorder; if you don't make positive changes, you will get negative changes.

The business world has systematized this lesson in what they call strategic planning (SP). SP scenarios are standard practice for small and large businesses. They are crucial to maintaining competitive edge and relevance in a quickly changing business environment. Who would have thought that iconic American businesses like Sears, Blockbuster, Kodak, and many others would go bankrupt because of their inability to plan appropriately for the changing future?

General Eric Shinseki of the US Army has said: "If you don't like change, you are going to like irrelevance even less". The preacher Rick Warren has sobering words for the parishes of today: "Leaders of a church will either be risk takers, care takers, or under takers". Combining these two packets of wisdom we can clearly establish the following relationship:

## **Risk = Change and Status-quo = Irrelevance.**

It's as simple as that.

# What are the "Risks" facing our church today?

The Orthodox Church demographic is changing at a rapid rate. The church of our fathers and forefathers no longer represents the ethno demographic of our modern parishes. The typical "Greek immigrant" character of our church is and will continue to change. What we refer to as "cradle" orthodox, those born into the church by accident of birth, is diminishing. Over 80 percent of marriages in the Orthodox Church are mixed. Orthodox converts are quickly becoming the largest demographic substrate of our parishes. An effective strategic plan will have to take into account both of these demographics-those born into orthodoxy and those that have converted. Moreover, relevance of our orthodox parishes will continue to be challenged by aggressive attention of the technological and modern "West". The shiny objects of our technological prowess and the post-modernist assaults on tradition and hierarchy will only continue to compete for the heart and soul of our holy and apostolic faith.

# What does Strategic Planning have to do with me?

An effective church model is a combination of the individual and the institution striving for goals that are both personal and institutional. Together the individual and the church provide an effective worship model, institutional integrity, growth via stewardship, and engaged disciples. The personal and the institutional becomes a symbiosis where both benefit and *Where there is no vision, the people will parish Proverbs 29:18* 

grow interdependently. Where one benefits, so does the other. A consequential prerequisite is engagement. Without true and sincere engagement this holy dyad will struggle to maintain its momentum and spiral into a decline. With Christ at the center, the model can be likened to a cross with the four corners each corner of the cross representing worship, vision, disciples, and stewardship. Like cylinders in a car, all four are necessary for the engine to run smoothly and not break down.

**Dr. Michael Kasotakis** *Parish President*

# ICONDGRAPHY

# SAINT NICHOLAS, THE WONDERWORKER HONORING OUR PATRON SAINT IN PHASE IV ICONOGRAPHY

🦰 aint Nicholas, Wonderworker, Archbishop of Myra in Lycia is a great Saint pleasing to God. He was the only son of pious parents Theophanes and Nonna, who had vowed to dedicate him to God. As the fruit of the prayer of his childless parents, the infant Nicholas from the day of his birth revealed the light of his future glory as a wonderworker. From childhood Nicholas was pious and inclined to silence, was educated in theology and thrived on study of Divine Scripture. He showed his love of virtue and expressed a zeal for observing the ordinances of the Church from a young age. Vigil, fasting and prayer were virtues he excelled in. He prayed ceaselessly in Church during the day and read many pious books. He made himself a worthy dwelling place of the Holy Spirit.

Bishop Nicholas of Patara, the uncle of Nicholas, rejoiced at his nephew's deep piety and spiritual achievement. He ordained him a reader, elevated him to the priesthood and made him his assistant, entrusting him to instruct his flock. Nicholas was a young man with a fervent spirit and answered the questions of his flock as eloquently as an elder, inspiring wonder and respect of the believers. With kind-heartedness, Nicholas ministered to his flock. The afflicted came to him for help and as a thoughtful steward of his wealthy parents inheritance, he offered essential assistance to the poor. He

sowed the word of Truth, he uprooted heresy, nourished his flock with sound doctrine and also provided nourishment for their bodies.

God rewarded Nicholas for his piety and generosity by bestowing upon him many gifts. Many times, the Saint's prayers were said to have saved those drowning in the sea, calming the waters, and delivering grateful sailors home. God heard Nicholas' fervent prayers as he performed life-saving miracles to children, restoring their health and also sharing his treasure with them. Prisoners who were unjustly condemned prayed for his intercession and were delivered free. The sick were healed. Famine was averted. The poor prayed to him and were provided for. Saint Nicholas was a zealot for the Lord and assailed the heretic Arius, pleasing God since he had acted not out of passion, but with his extreme love and piety.

Saint Nicholas, with God's Economy performed many miracles both during his lifetime and after his repose. Saint Nicholas' reputation was established as a "Thaumatourgos" (Wonderworker!) during his life. To this day the Saint's miracles are witnessed by the faithful.

Our Phase IV Iconography beautifully portray reflections of our Patron's life. On the South Window Wall, the first of six icons includes the Holy Saint's Ordination to the Episcopate. The depiction is of the Saint's uncle, Bishop Nicholas of Patara, holding his omophorion over the young Saint Nicholas as he bows in reverence during the Ordination Sacrament. The scene takes place in the Church with a Bishop holding the Holy Gospel.

The following icons of the life of Saint Nicholas include his wonderworking miracles and his God given love for his fellow man. At the top of the wall under the arch is an icon in two parts depicting Saint Nicholas Saving from Danger at Sea. Through his prayers to God, Saint Nicholas calms the sea and rescues a sailor out of the water as the beleaguered ship and crew are near

to land. Saint Nicholas is also depicted pulling up the mast downed by the storm of the ship allowing the boat to reach safety.

The next icon also in two parts, depicting the life of Saint Nicholas displays Sharing Wealth with the Poor. In these icons Saint Nicholas is shown humbly offering a poor man material assistance, which the man gratefully accepts with out-stretched hands.

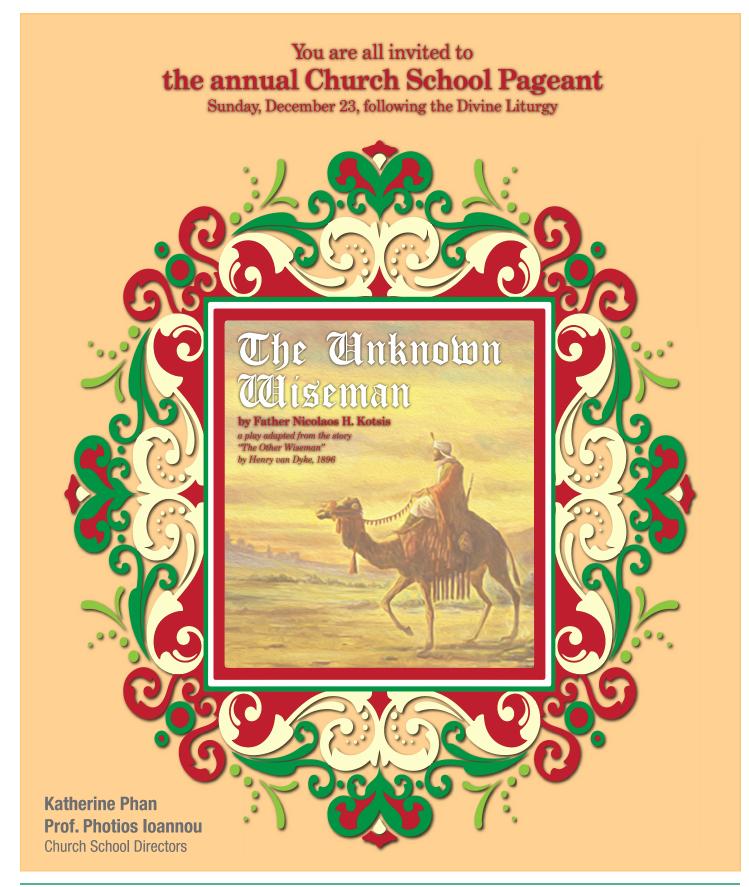

The last of six icons depicts the Dormition of Saint Nicholas, with Angels, Bishops and lay people ministering to the Saint who has fallen asleep, dressed in his Bishops vestments.

Holy Saint Nicholas is our Wonderworking Patron Saint whose way of life inspires us as we venerate him in blessed iconography—Becoming What We Behold.

**Panoraia Katsikas** on behalf of the Iconography Implementation Committee.

# H.O.P.E. HELLENIC ORTHODOX PRIMARY EDUCATION

Our next meeting will be Sunday, December 9, 12:30 рм–2:00 рм

OPE met on November 11 and was attended by 12 children. The children enjoyed lunch then Fr. Nick came in to speak with them about the Entrance of our Lord to the temple. Fr. Nick explained to the children that Jesus was brought to the church 40 days after his birth and this tradition still occurs today with mother and baby receiving blessings 40 days after a baby's birth. We celebrate Jesus' presentation to the temple on February 2. In the temple, Mary and Joseph encountered Simeon and Anna who both knew that Jesus was the son of God. The prayers that were said by Simeon

are the same ones that a priest says today at the 40-day blessing. After the discussion with Fr. Nick, the children made a Thanksgiving turkey hat as their project.

We hope to see your children in pre-K to 2nd grade join us for our next meeting on December 9th when we will discuss Christ's Baptism. Please sign up to bring lunch at: <u>https://www.signup-genius.com/go/20f0a4fa4ab29ab9-hope1</u>

Remember, increasing exposure to the Church early in your child's life is an important step in the building and strengthening of their Orthodox Faith.

Our next meeting will be Sunday, December 9, 12:30 рм–2:00 рм

elcome! At our last meeting on November 11, Father Nicolaos and Father Alex spoke to the children about "Christ's Entrance to the Temple." Father Alex explained that we see in the icon the Virgin Mary giving the baby Jesus to St. Symeon, in the presence of the Virgin Mary and Joseph. At the moment St. Symeon held the baby Jesus, he declared:

"Lord, now let your servant depart in peace, according to your word, for my eyes have seen Your Salvation"

We celebrate this feast on February 2nd every year, 40 days after the birth of Jesus. Our priests explained to the children that we still follow this custom today in our church.

We ended our meeting with a project about "Christ's Entrance to the Temple."

We look forward to seeing your children at our next meeting on Sunday, December 9th from 12:30 pm – 2:00 pm, where we will learn about "Christ's Baptism."

Thank you for bringing your children to JOY. Starting them out early is an important step in the nurturing of their Orthodox faith.

# > MILESTONES

By the time you read this article, we will have celebrated Thanksgiving and would be into the Nativity fast season. So many activities have taken place from baptisms to funerals of loved ones, but life continues.

I have enclosed current Milestone activities as well as clips from the past.

The first is the Candy Cane House that our new pastor at the time, the late Rev. Fr. John Paul and Presvytera Eva, made and was on display in the exo-narthex of 414 N. Main St. There are many stories about it. Fr. John donated the proceeds from its raffle to the Sunday School.

Another Milestone moment was the St. Nicholas feastday dance of 1965 that, by the encouragement of the late Rev. Fr. John Kamelakis, my wife Helen and I chaired the dance and highlighted a Mykonos Wind Mill center piece.

For those who have never witnessed the baklava baking ritual, it is truly a sight to see. These pictures show the first production of some

close to 150 trays the first day, whose total target of approximately 350 was completed the second day and a snapshot of the many volunteers laying the melted butter on the filo dough and spreading the nut mixture.

No easy task. And God Bless the Philoptochos for their humanitarian works of charity.

May you all have a blessed holiday season. *Yours in Christ*, **Nicholas S. Stamos**

# > ZOE FOR LIFE

**TOE** for Life!

reetings all! This month we are announcing the formation of the official Board of Directors for Zoe for Life-Southeastern Michigan! In the past few months a steering committee met several times to work towards creating a board, creating bylaws, and discussing our collaboration with St. Vladimir's Russian Orthodox Church in Dexter, Michigan. The board is currently working to set up our chapter so that we can begin our outreach work in 2019. It has been a long journey, and we still have a long way to go, but we are grateful for all of the input and help you have all given along the way. From your participation at our retreat back in March, to receiving vital information from Paula Kappos at the main ZFL Ohio chapter, and with diligent work from our steering committee, we made it happen! We are excited to work together with members from St. Vladimir's Russian Orthodox Church and to grow our collaborative relationship in this journey.

ZOE for Life!<sup>™</sup> is a support organization founded in 1977 in Cleveland Heights, Ohio to help women who need confidential, emotional, and spiritual support during crisis pregnancies, and to provide educational support and other resources needed for sustainable motherhood. This is a pan-Orthodox outreach of Orthodox Christians, helping all souls in need, regardless of religious affiliation and is funded through private donations. In 2017, with Father Nick as the driving force, we decided to pursue a chapter in our area. We have received 501(c)(3) status from the Internal Revenue Service and function as an independent non-profit organization. Our chapter is a collaboration with St. Vladimir's, and we hope someday all of the southeastern Michigan Orthodox churches can participate in this chapter.

We are currently working towards functional operations in 2019, being realistic in the services we can offer with our resources. You will see the following soon:

• A ZFL collection bassinette in the St. Nicholas coat room which will include a list of items we can receive

• An informative website

• A ZFL hotline number

• An outline of services we can provide or be a conduit to area services useful to a mother in need

- A request for patrons to join our efforts
- A first annual patron meeting

Keep an ear out for more announcements and updates regarding becoming a ZFL patron and our annual meeting. If you would like more information, contact Erica Foster either in person, or via email at elpetha@gmail.com.
